

TENNESSEE GENERAL ASSEMBLY  
FISCAL REVIEW COMMITTEE

**FISCAL NOTE**

**HB 102**

January 29, 2023

**SUMMARY OF BILL:** Requires a principal of a public school that is in the bottom 20 percent of schools based on an evaluation of all schools' performance data to annually develop a written proposal for the principal's school which identifies areas for improvement and resources needed to provide students enrolled in the local education agency (LEA) an adequate and equitable education.

**FISCAL IMPACT:**

**NOT SIGNIFICANT**

Assumptions:

- The proposed legislation does not require an LEA to fund the identified needs and resources submitted by a principal whose school is in the bottom 20 percent.
- Schools that are in the bottom 20 percent will be able to develop a proposal and submit it to the school's LEA by the first week of the school year within existing resources; therefore, any increase to local expenditures is estimated to be not significant.
- The Department of Education (DOE) currently produces a list of schools in the bottom 20 percent and any increase in workload for DOE's Division of School Turnaround personnel and CORE consultants can be accommodated within existing resources. Any increase in state expenditures is estimated to be not significant.

**CERTIFICATION:**

The information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink that reads "Krista Lee Carsner".
